Your eyes are windows to the beauty of the world. Protect them always.

In Greek mythology, the Hydra was a 9 headed monster whose heads grew back in duplicate when severed. In the real world, human eyes are irreplaceable, so we need to protect them as best we can. You'll find our Hydras safety glasses do so with great comfort and style.

Hydras S77

KEY FEATURES

Outstanding value and protection in a hot new style!

- Polycarbonate temple and lens in a sleek design
- Dual wrap-around lenses
- Hugs contour of face for maximum protection
- Soft PVC nose piece and inserts on temple tips for extra comfort
- Hard coated, scratch resistant lenses
- Polycarbonate lenses filter 99.9% of UVA and UVB light
- Meets ANSI Z87.1-2003 requirements for eye protection

Armor Optics is our cornerstone line of high performance safety eyewear. We don't make glasses that fail quickly or have to be replaced often. Instead, we endeavor to generate repeat business through high customer satisfaction and positive word-of-mouth. You can count on our safety glasses and goggles to provide maximum protection and performance for users with their premium quality, distortion-free lenses made from unrecycled resins. Consistency in lens clarity, comfort, care...and competitive pricing make Armor Optics your best choice for eye protection products. Always look to ValCrest for the peak of value.
